## About Us

Plantira is short for the planting era, which has existed since 1985.

We provide landscaping services for both Commercial and Residential properties. With over 40 years of landscaping and gardening experience, we specialize in designing, creating, and maintaining indoor and outdoor living environments.

## Mission

Prioritizing irrigation, planting, landscaping, and embracing our clients with the quality of the earth's most delicate plants and rebirthing the lands of our clients with the wonders of the natural world.

## Vision

Embrace the essence of the green world, breathe the natural fresh air, colonize the world by planting green seeds globally, to re-green the planet and reduce the dangerous carbon effect.

## 2. SERVICES

### 2.1. Soft Landscape

Plantira Landscape Management is proud to introduce ourselves as “one of the Best. . . because WE CARE “. We provide landscaping service both Commercial and Residential properties. We specialize in designing, creating, and maintaining living environments. Our mission is to provide quality landscape services while accommodating the needs of our customers. We built our reputation with long years of experience through superior customer service, integrity, honesty, trust and respect.

- Landscape Design
- Estimating landscape supplies
- Landscape Development
- Indoor Landscape

### 2.2. Irrigation System

Plantira can give you a professionally installed Irrigation system with high quality of materials. A proper working irrigation system is the most important part of your landscape. There are many factors that must be considered during the planning stages:

- Irrigation Design
- Estimating Irrigation Supplies
- Calculate Water Pressure Requirements
- Sprinkler Head Placement
- Emitter Placement

### 2.3. Civil & Hard Landscape

Plantira can design beautiful walkways to enhance your project. We mostly use flagstone, pavers, or stamped concrete. These methods create many designs and color schemes.

## 2.4. Electrical & Lighting Services

Plantira has the professional staff and expertise to design and install a beautiful nightscape. We are experienced in all outdoor lighting needs such as where to place the lights, what to highlight, and what type of lights to use. We use professional outdoor lighting fixtures that have hundreds of styles and colors to choose from. A landscape lighting system is not complete unless it has proper controls. We also install transformers with timers to automatically turn your lights off and on at a pre-set time.

## 2.5. Maintenance Services

### 2.5.1. Garden Maintenance Services

Our Maintenance Service Program includes everything listed below each time we service your property.

#### ✓ Outdoor Maintenance Service

The outdoor environments we maintain are complex living systems composed of both natural and man-made components. They require specialized care and attention. To ensure that happens consistently, we assign a dedicated garden team to administer your program. The garden team is responsible for knowing everything about your garden plants, mechanical systems and landscape structures.

We are able to undertake a wide variety of landscaping work and we provide free maintenance and guarantee depending of.

#### ✓ Indoor Maintenance Service

We would like to call this our indoor landscape service. We believe indoor plants should bring the garden inside. We design, install, and maintain indoor plantings. The indoor plant's maintenance is carried out by a specialized maintenance team having many years of experience.

### 2.5.2. Irrigation Maintenance Services

We specialize in providing comprehensive irrigation maintenance services for commercial and residential properties. Our dedicated team of experts is committed to ensuring the optimal performance and sustainable operation of irrigation systems. We are committed to delivering high-quality irrigation maintenance services. We prioritize customer satisfaction by offering personalized solutions, reliable workmanship, and cost-effective maintenance plans. With our expertise and commitment to excellence, you can trust us to keep your irrigation systems operating at their best.

### 2.5.3. MEP Maintenance Services

We provide comprehensive MEP maintenance services to commercial, industrial, and residential buildings. With a team of skilled technicians and engineers, we ensure the smooth operation and optimal performance of all mechanical, electrical, and plumbing systems.

Our MEP maintenance services include regular inspections, preventive maintenance, troubleshooting, repairs, and system upgrades. We offer specialized support for heating, ventilation, and air conditioning (HVAC) systems, electrical distribution systems, plumbing fixtures, and fire protection systems.

### 2.5.4. General Cleaning Maintenance Services

Our company provides comprehensive general cleaning maintenance services to businesses of all sizes. We understand the importance of a clean and well-maintained workspace, as it creates a positive and productive environment for employees and leaves a lasting impression on clients. With our team of skilled and professional cleaners, we offer a wide range of services tailored to meet the unique needs of each client.

## 2.6. Renovations

Plantira can offer any landscape renovation services that you want done. Just tell us what you want us to change and we can make suggestions or give your ideas on your improvement. We have the expertise to visualize what the finished product will look like, and we take pride in our work because . . . "We care".

We will be glad to meet with you and provide a free estimate for our services. We will present you with a landscape design so you can see on paper the implementation of your ideas. Before we start your project, we both sign a renovation contract that spells out the services to be provided, the schedule to be followed, and the fees to be charged.

## 2.7. Nursery

**Total Land Area: 130,000m2**

We are pleased to inform you that GREEN ROOTS CONTRACTING COMPANY is now registered in the Saudi Aramco Supplier Management System under Vendor Code No. 10007398, provided your company continues to meet all relevant Saudi Arabian and Saudi Aramco standards.

This registration, however, should not be construed as a commitment by Saudi Aramco to procure from you. Being registered as a supplier only grants your company the opportunity, along with other registered sources, to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All procurement instruments including but not limited to service contracts, purchase agreements, or purchase orders will be issued based on the name and address included in your commercial registration (CR), as stated in your Supplier Registration.

Saudi Aramco wishes to remind you that being recognized as a supplier carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledged. Failure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any procurement instrument which might be placed and to act responsibly and reliably as a supply chain supplier.

Material Suppliers should apply for Saudi Aramco Supplier Portal access by forwarding a request to [portal-registration@aramco.com](mailto:portal-registration@aramco.com). The Supplier Portal is the main electronic business tool used between Saudi Aramco and its suppliers and serves to improve the flow and accuracy of key supply chain information.

For further information or assistance please contact the Saudi Aramco Supplier Help Desk by forwarding a request to [SupplierHelpDesk@aramco.com](mailto:SupplierHelpDesk@aramco.com) or via the unified call center 800-116-1168 for In-Kingdom suppliers or +966 (11) 290-8950 for Out-of-Kingdom suppliers.

Abdulrahman Abdulaziz Alkhalaf, Supervisor  
Supplier Registration Unit  
Supplier Relationship Management Div

It is the responsibility of the supplier to update Saudi Aramco Supplier Registration Profile through Ariba for the following:

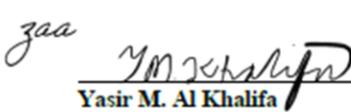

1. Change of Name / Commercial Registration Number / Address / Owner(s)
2. Any change of the supplier location
3. Discontinue supply of approved commodities (9COMs and 9CATS)

This is an electronically generated letter by Saudi Aramco. To verify Supplier approval status, please contact Supplier Help Desk at [supplierhelpdesk@aramco.com](mailto:supplierhelpdesk@aramco.com)
